

Voluntary Water Use Restrictions

Due to Mild Water Shortage conditions, Northwest Freeway MUD has initiated Stage 1 of its Drought Contingency Plan. Under this plan, customers are encouraged to voluntarily reduce their water consumption by adhering to the following guidelines:

- Outdoor water usage, including but not limited to, irrigation / car washing / window washing shall be limited as follows:
 - Residents with even numbered addresses may use water on Sunday and Thursday. Residents with odd numbered addresses may use water on Saturday and Wednesday. Retail water customers may use water on Tuesday and Friday.
 - Outdoor water use shall be prohibited between the hours of 7:00 p.m. and 5:00 a.m. of the following day.

This plan will remain in effect until notice is given that it has been rescinded, or it may be replaced by a more stringent plan if water shortage conditions worsen. Please check our website for updates to this situation at regionalwater.net or call Regional Water Corporation at 281-897-9100.
